

## Standards of Learning Tests

The state department of education sets rigorous academic standards known as the Standards of Learning (SOL). SOL assessments measure student achievement in English, mathematics, science, and history/social science. Beginning in third grade, students participate in SOL assessments.

Students will be working hard to prepare for the SOL tests that they will take in May. As announced previously all SOL tests in grades 3, 4, and 5 will be done online and on computers this year. Due to the online testing schedule, there will be testing sessions throughout the entire day.

Below are the dates for SOL tests at Dominion Trail. We ask that you help to ensure that your child is here on the days that he/she is scheduled for a SOL test. Being well rested and having a good breakfast will help the students be prepared to do their best on the test!!

### **3rd Grade:**

History/Social Science: May 10

Reading: May 15

Science: May 17
